six way paragraphs a three level series teaches the basic skills necessary for reading factual material through the use of the following six types of questions subject matter main idea supporting details conclusions clarifying devices and vocabulary in context

the culture of reading and the teaching of english aims to do for contemporary literary and cultural theory what i a richard s practical criticism did for literary formalism kathleen mccormick analyzes current approaches to reading theory and the teaching of literary and related cultural texts she moves beyond theory with its tendency to become arcane and elitist and instead examines the cultures of reading its ideologies institutions and classroom practices she presents cognitive expressivist and culturally based approaches to reading and then considers a variety of institutional and classroom practices from the writing of formal essays to the use of textbooks this represents a crucial intervention in debates around the reformation of new curricula in schools and the politically correct classroom currently raging in both britain and america the culture of reading is much more than a classroom oriented approach to contemporary literary and cultural theory through accounts of teaching experiences student writing professional conferences and curriculum battles on both sides of the atlantic she tells an often personal frequently amusing account of the discoveries of one teacher herself a widely published critic writer and lecturer as she finds how theory is mediated in very different institutions social contexts and classroom situations

the aim of this text is to help students discover that the person responsible for an excellent education and student success is himself or herself
